

# TURKEY | THE USE OF OPEN SCRUBBERS

Turkish correspondent Vitsan Mümessillik ve Müşavirlik A.Ş. notifies that the Ministry of Environment and Urbanization of Turkey has announced on 06 April 2021 that the wash water discharge of open-loop scrubbers is prohibited in Turkish waters and therefore the vessels operating with open-loop scrubber will have to switch to low-sulphur compliant fuels when entering / sailing in Turkish waters. In addition, the vessels which do not comply with the regulation may be imposed pollution fine by the Turkish authorities.
